

Sell on Facebook

- On the merchant dashboard, click on the “Seller Tools” option.
- The merchant is directed to the Seller Tools page and select the “Facebook Link Builder” option from the drop down.
- A form to generate the link for Facebook link is displayed, where the merchant has to input the Product Name, Image url and price before clicking the “Generate Pay Link” button.
- The generated link is displayed, for the user to copy and paste on Facebook or through Facebook Messenger.

The screenshot shows the PayHalal Merchant Dashboard. At the top, there are logos for PayHalal (حلال) and SHARIAH COMPLIANT. Navigation links for Dashboard, My Account, and Log Out are visible. The main content area is titled "Merchant Dashboard" and "Seller Tools". A dropdown menu is set to "Facebook Link Builder". Below this, a message states: "With PayHalal you can directly sell your products on facebook. Use our Link Generator below." The instructions are: "1.) Please enter the product details and click on 'generate'." The form contains three input fields: "Product Name", "Product Image URL", and "Price in MYR". A blue "GENERATE" button is at the bottom.

Using the Link Builder

- On the merchant dashboard, click on the “Seller Tools” option.
- The merchant is directed to the Seller Tools page and select the “Email Link Builder” option from the drop down.
- A form to generate the link is displayed, where user has to input payment information such as the description, order ID / invoice no., price and currency before clicking the “Generate Link” button.
- The generated link is displayed and ready for use.
